Helpful Hints to Keep in Mind When Requesting Credentials Online

* When requesting credential types there are three options:

Print – Designated for newspapers and magazines

Electronic – Designated for TV and radio

Online – Designated for websites

* When requesting TV credentials please make sure to designate between reporters and photographers/videographers in the drop down menu.

* If you are requesting either Print or Online Media Credentials, please do not request a Limited Access credential in the drop down menu as that option will not be made available to media members for the 2009 NCAA Women's Volleyball Championship.

* Please note that because of possible space limitations that requesting a seat does not always guarantee a seat.

* There is no need to upload a picture in the box labeled "Credential Photo" as photos will not be used on credentials at the 2009 NCAA Women's Volleyball Championship.
