

NCAA TELEVISION RIGHTS OVERVIEW

The NCAA and our primary broadcast partners (i.e., Turner, CBS, ESPN, Golf Channel) own all television and digital / Internet video streaming rights for all 90 NCAA championships.

*[NOTE: the NCAA does **not** own the television rights/footage to any collegiate athletics' regular-season games/matches/contests; any Division I Football Bowl Subdivision (FBS) games (including bowl games); nor conference championships games/matches/contests. If you are interested in obtaining / licensing regular-season, conference championships or FBS video footage, please contact the appropriate conference office.]*

NCAA Conference/Institution (Campus) Television Networks / Regional Sports Networks (RSN) / Local Television Stations Rights. For championship rounds that do **not** have predetermined national television (i.e., Turner/CBS, ESPN, and Golf Channel) coverage or, if Turner/CBS, ESPN, or the Golf Channel decides to **NOT** activate their rights, the NCAA has the right to grant/sell those commercial / noncommercial television broadcast rights to any network, if it so chooses.

[NOTE: NCAA television rights include live coverage, tape-delay coverage, and post-event footage use. All game action; practice footage; press conferences; one-on-one interviews shot by local ENGs; and any other footage shot inside the venue is owned by the NCAA.]

The NCAA broadcast services group will award qualified NCAA conference/institution (campus) television networks / RSNs / local television stations commercial / noncommercial television broadcast rights based on the following criteria:

1. Commercial television rights fees **vary** for specific NCAA championships rounds. Generally, there is a **minimum of \$1,500 per game / per broadcast entity (i.e., per network / station)**. However, a noncommercial television station (e.g., nonprofit; state/local government; and colleges and universities) may have the rights fee waived.

[NOTE: Any station selling commercials; selling or airing billboards; sponsorships; in-game graphic sponsors; underwriters; or phone pledges must pay the NCAA commercial television rights fee per game.]

2. All game times will be determined by the NCAA in conjunction with the host institution. Games times may be adjusted, at the NCAA's sole discretion, to accommodate broadcast windows for the entity that wishes to acquire these rights to increase the national, regional, or local exposure of the NCAA championship.
3. The television entity that is awarded television rights must provide the NCAA with satellite coordinates or a fiber feed for each game/match/contest [or broadcast window(s)].
4. Television entities awarded television rights must strictly adhere to the NCAA's 24-hour Silent Blackout Policy. The only relief that will be granted with this policy is if the host institution has sold out its competition venue.

NCAA SILENT BLACKOUT POLICY. The NCAA does not implement local blackouts for NCAA championships; however, a "silent" blackout may be implemented until 24 hours prior to the start of the televised championship event for regions within a 50-mile radius of the event. A "silent" blackout restricts the television station from announcing that it has obtained the rights or promoting the broadcast on any medium (e.g., newspapers, television, radio, and Internet). If the "silent" blackout is broken, the NCAA maintains the right to cancel the broadcast. The blackout policy does not apply to Turner, CBS, ESPN, or the Golf Channel telecasts.

5. NCAA COVID Policies and Guidelines. As the NCAA continues to monitor COVID-19, the NCAA's top priority remains the safety of individuals competing and in attendance at NCAA championships. Given the dynamics of COVID-19 spread, population immunity and community level surveillance, protocols for NCAA championships have shifted to standard precautions for purposes of infectious disease management. All are encouraged to use a common sense approach to managing potential COVID issues, and to follow guidance provided by the CDC at [Guidance for COVID-19 | CDC](#).

If a television or broadcast entity (i.e., NCAA conference/institution television networks, RSNs, and local television stations) is NOT willing to meet the aforementioned criteria, NCAA television broadcast rights will NOT be granted.

Additional Television Rights Criteria That Will Be Considered Are as Follows:

1. Financial package.
2. Coverage area (how many households delivered).
3. Relationship with the institution (e.g., produced five regular-season games, and 10-coaches' shows during the regular season).
4. Production quality (e.g., number of manned cameras, number of videotape replay machines, layout of television production truck, number of announcers, and type of graphics looks).
5. Prior bidding in current championship.
6. Live broadcast or tape-delay broadcast.

All television rights bids should be submitted to [Amy Skiles](#). Competitive bidding deadlines are put in place so NCAA conference/institution (campus) television networks / RSNs / local television stations that are serious about producing NCAA championship game(s)/match(es)/contest(s) get adequate notice to plan production details and promotion of telecasts.

NCAA conference/institution television networks / RSNs and local television stations awarded syndication rights will be given all local commercial time to sell in accordance with NCAA commercials; sell or air billboards; sponsorships; in-game graphic sponsorships; underwriters; or phone pledges.] [CLICK HERE](#) to review the current NCAA Advertising and Promotional Guidelines.

NCAA Public Service Announcement (PSAs). The NCAA reserves the right to keep four 30-second spots for NCAA PSAs per game/match/event. [Please contact [Amy Skiles](#) to identify NCAA PSAs available during the NCAA championships season. NCAA PSA will be accessible via FTP site.]

Game Records. The NCAA requires a game-record copy and ISO MELT / clean highlights of each game/match for the NCAA Video Library delivered **within four business days** after the telecast(s).

The NCAA will accept masters in any of the following digital formats: .mov (quick time); .mxf; or .mp4 (1080, 720p).

[CLICK HERE](#) for uploading instructions. Please contact Veritone’s support team (support@veritone.com) if your master(s) is on another format; if you have issues with uploading; or if you have any questions.

NCAA Championships Unavailable for Commercial or Noncommercial Syndication

The following denotes the NCAA championships rounds that **have predetermined national television** (i.e., Turner/CBS, ESPN, Golf Channel, and NCAA.com) coverage and whose media rights are **unavailable** for NCAA conference/institution television networks / RSNs / local television station television broadcast syndication rights:

FALL CHAMPIONSHIPS:

NCAA CHAMPIONSHIP	ROUND(S)	BROADCAST PARTNER
Division I Cross Country	National Championship (M) National Championship (W)	ESPN Networks
