The National Invitation Tournament (NIT) is under the direction, and supervision of NIT, L.L.C., an Indiana limited liability company authorized to do business in the State of New York. The National Collegiate Athletic Association (NCAA) is the sole member of the NIT, L.L.C.

Preface
This manual contains the policies and procedures governing the administration and conduct of the NIT. In the event of a conflict between any of the terms set forth in the manual and anything set forth in the agreement between the NIT, L.L.C. and a participating institution, the terms of the manual shall be deemed to prevail and be binding.

NIT Selection Principles and Procedures
Refer to Appendix A

ELIGIBILITY AND COMPLIANCE

Upon execution of its agreement with the NIT, L.L.C., each institution participating in the tournament, guarantees that all players and coaches representing it shall be eligible for participation in intercollegiate athletic competition at the time of the tournament under the rules and regulations of the NCAA and/or conference of which it is a member.

If the appropriate association, conference, or institutional authority declares a participating institution, or any of its players or coaches ineligible to participate or if such authority rules that a participating institution is precluded from appearing on television, after such institution has been invited to the tournament, NIT, L.L.C. reserves the right, in its own discretion and without liability, to withdraw its invitation to the institution, to prevent any further participation by institution in the tournament, and to rescind the agreement between the institution and the NIT, L.L.C.

The institution agrees that if, subsequent to any participation by the institution in the tournament, a player or coach representing it therein is found to be ineligible under any of the regulations described herein, the institution shall promptly return its share of the net receipts to NIT, L.L.C. to be redistributed.

LIMITED LIABILITY

Neither party to the agreement between the institution and the NIT, L.L.C. shall be responsible for personal injury or property damage or other loss except that resulting from its own negligence and/or willful misconduct or the negligence and/or willful misconduct of those acting within its control. In no event shall the NIT, its officers, Board of Managers, Member, or representatives be responsible for indirect, incidental, special or consequential damages, including but not limited to lost profits.
INDEMNIFICATION

(a) Except as noted in the preceding section, and to the extent allowed by law, each institution shall indemnify, defend and hold the NIT, the NCAA, and their respective officers, employees and agents harmless from any and all suits, claims, demands, damages, liabilities, costs, expenses and attorneys fees to the proportional extent arising out of its breach of its agreement with the NIT, L.L.C., or its actions or omission or inaction related to such agreement, provided that the NIT shall notify the INSTITUTION within a reasonable time of its gaining knowledge of any such claim or litigation to which this indemnity shall apply.

(b) Except as noted in the preceding section, and to the extent allowed by law, the NIT shall indemnify, defend and hold the INSTITUTION harmless from any and all suits, claims, demands, damages, liabilities, costs, expenses and attorneys fees to the proportional extent arising out of its breach of its agreement with such institution, or its actions, omission or inaction related to such agreement, provided that INSTITUTION shall notify the NIT within a reasonable time of its gaining knowledge of any such claim or litigation to which this indemnity shall apply.

(c) In the event an institution cannot, by law, provide the indemnification set forth in paragraph (a) above, then the indemnification language set forth in paragraph (b) above shall be inapplicable, and all of the NIT’s obligations in connection therewith shall be null and void, as to such institution.

FINANCES

Share Distribution
Net revenue is defined as all gross revenues received by the NIT, L.L.C. from ticket sales, sales of radio and/or television broadcast rights, sale of Internet rights, and from any other source connected with the tournament, less all costs and expenses incurred in connection with the tournament games and all events connected therewith, a pro rata share (together with the NIT Season Tip-Off Tournament) of the annual administration expenses incurred by the NIT, L.L.C. in conducting its tournaments (the general and administrative expenses will be allocated one third to the NIT Season Tip-Off Tournament and two thirds to the Post-Season Tournament), and a management fee, as determined by the NIT, L.L.C., in its sole discretion. The net revenues for the Tournament will be distributed as follows:

All remaining net revenues will be distributed to all the participating institutions, with the size of each institution’s share determined by the number of games played. Each institution participating in the first round games will receive a total of one (1) share unit, teams participating in the second round games will receive a total of two (2) share units each; teams participating in the quarterfinals will receive a total of three (3) share units each; and the four teams reaching the semi-finals in New York will receive a total of five (5) share units each.
These shares will be distributed no later than August 2011. If there are any outstanding monies (radio rights fees, extra people attending hospitality in New York, tickets etc.) not received by the NIT, L.L.C. thirty days prior to August 2011 these monies will be deducted from the distribution of shares a conference or participating institution is expected to receive.

MEDIA

Broadcast Rights
All television, radio and media rights to the broadcast or telecast of all tournament contests are the exclusive property of the NIT, L.L.C. These rights include, but are not limited to, all forms of radio broadcasting, commercial and non-commercial television, and all forms of cable and satellite telecasts, live or on tape including rights to re-telecast in whole or in part, and all other broadcast media, including that on the Internet and on other new media, now known or hereafter discovered. All of the aforesaid rights for all tournament contests, excluding radio broadcasting, have been sold by the NIT to ESPN. No institution may negotiate with, or otherwise sell to or allow use by, any party any said rights without the prior express consent of ESPN, in writing.

ESPN holds the exclusive rights to televise games. No other televising of tournament games may take place without express consent of ESPN. Information for contact persons for radio and TV rights purchases may be obtained by contacting Will Hopkins (212/425-6510 ext. 2).

Radio and Internet-Audio Streaming
Westwood One has exclusive radio broadcast rights (both terrestrial and satellite rights) to all of the games of the championship, including Internet audio rights. Each participating institution’s official radio station or network may purchase rights for terrestrial distribution in its geographic area. For institutions wanting to stream ONLY audio of their games, you will need to pay an additional fee and agree to provide a direct link of your audio broadcast to the NIT. Institutions advancing to the Semifinals and Championship games at Madison Square Garden will not be permitted to audio stream their games. More information will be sent to the participating institutions.

Video Internet Streaming
Video streaming is NOT permitted for games broadcast on ESPN, ESPN2, ESPNU, ESPN Classic or ESPN3.com. Games not televised on the previous mentioned ESPN’s Networks or via syndication; institutions may video stream with express written consent from ESPN.

Press Arrangements
Subject to limitations of space, seats at the press table (area) at each game site shall be assigned to the working press by the host SID in accordance with the following priorities:

1. Certified working newspaper representatives from the immediate locale of the tournament site, or the immediate locale of the competing teams.

2. Certified working newspaper representatives filing from the site via wire or telephone.
3. Other certified working newspaper representatives and certified radio and television reporters.

4. All requests for Madison Square Garden press accommodations should be directed to the SID at the school for which the media entity is interested in providing coverage.

**Post Game Press Conference**

At the conclusion of each game, the participating teams’ dressing rooms shall be open to the media after a 10-minute “cooling-off” period and shall remain open for a minimum of 30 minutes. The timetable for the 10-minute period begins when the head coach enters the dressing room immediately after the game.

It is the responsibility of the media coordinator to arrange for a press conference at an appropriate interview area immediately after the dressing rooms are open. The head coaches and at least two student-athletes of each participating institution shall make themselves available to the media representatives staffing the game for this tournament. The coach of the winning team will appear first in post-game press conference. **Student-athletes are to wear school issued uniforms or NIT apparel only.**

It is the decision of each participating institution of whether or not to open practice. Please check with the respective sports information directors.

**Media Guides & Game Programs**

NIT media guides will be shipped to each host institution. Host institutions when possible will produce a game program; the NIT will produce programs for Madison Square Garden games only.

**ESPN News Access Guidelines**

Highlights of sports events on any ESPN or ABC television network or other media service may be used by other media only as follows:

1. Any use of excerpted material may be subject to rules of the applicable rights holder sanctioning the event (e.g., NFL, MLB, NBA, etc.).

2. Excerpts can only be made from live event programming. No use can be made of interviews, analysis, pre-game/post-game shows, commentary or other non-event material.

3. Highlights can only be shown in bona fide, regularly-scheduled television news programs in which the sports content is comprised of multiple sports (i.e., no single-sport highlight shows).

4. Excerpts are limited to a maximum of two minutes of one event and a maximum of one minute per each additional event, per news program. No more than four minutes of ESPN/ABC (combined) highlights can be used in any 30-minute program, and no more than six minutes of such material can be used in any 60-minute program.
5. No audio material, including voices of on-air talent, may be used.

6. On-air ESPN/ABC graphics included in the highlights cannot be blocked or covered.

7. Excerpts that comply with all of the other terms hereof may be distributed only (i) as part of a linear television network or station distributed via over-the-air terrestrial broadcast, cable television and/or direct broadcast satellite, and (ii) the simulcast of the applicable programming as part of that television network or station via the Internet or mobile/wireless technology (which simulcasts may not be archived, offered on a delayed basis, or made available for download). Other than such live simulcasts, any use of excerpts on the Internet, or other online service, wireless device/service or interactive multimedia distribution transmission is strictly prohibited.

8. No sub-licensing of usage rights to any other entity is permitted.

9. Highlights of an event can only be displayed during the first 48 hours after conclusion of the applicable event – no “in-progress” highlights or archiving of material is permitted.

10. A “courtesy” credit clearly identifying ESPN must be given with the same placement, frequency and prominence as required by the reciprocating network, but in no event less than, at the conclusion of the program.

11. Any potential usage of highlights not complying with these guidelines must be approved in writing in advance by ESPN.

12. ESPN reserves the right to modify these Guidelines at any time.

Mini-Cam Policies
1. ESPN is the only television entity that may transmit live and/or videotape from inside the arena from 30 minutes prior to the game until the network has left the air. This applies to games broadcast on ESPN, ESPN2, ESPN Classic or ESPNU.

2. For NIT games not carried live on ESPN, ESPN2, ESPNU, ESPN Classic or ESPN3.com, credentialed television crews may videotape the game. Live transmission is not permitted. A maximum of two minutes of footage may be shown for no more than 48 hours after the conclusion of the game.

3. If a non-originating television station, network or local cable channel desires to receive videotape and audio of NIT games shown on the ESPN networks, it must credit ESPN for all footage used. Any video or audio highlight excerpts that are aired by a telecaster shall include an on-air “Courtesy ESPN.”

4. Camera persons representing non-originating agencies are permitted to photograph news conferences, regardless if the game was televised.
5. Non-originating telecasters have access to the arena floor until 30 minutes before the televised game. During this time, mini-cam operators may transmit or tape “stand-ups” or record other material from the end zones only. When the first game of a session is not televised and the second one is, stand-ups cannot be recorded until the first game has concluded.

6. The host media coordinator will identify an area off the court for all non-originating television representatives to wait until ESPN has discontinued its coverage from the site. The host media coordinator will escort them to the court when it is available.

7. Locker rooms are open for post game coverage.

### INSTITUTION NAME, MARKS AND LOGOS

1. **Grant of Rights.**
   
The institution hereby grants the NIT, and its agents, licensees and all others acting under its control or on its behalf in connection with the tournament, the right to copy, publish, and otherwise use its name, marks and logos for purposes of advertising and promoting the tournament, through any media and in any territories deemed advisable by the NIT and its agents, licensees and others acting under its control or on its behalf in connection with the tournament.

2. **Cooperation.**
   
The institution shall cooperate with, and as requested by, the NIT and its representatives to allow use of the institution’s name, marks, and logos in accordance with the NIT’S merchandise licensing program and royalty payment structure.

### TRAVEL AND PER DIEM

The Institution shall be completely responsible for making its own travel and hotel reservations in accordance with the following: The NIT, L.L.C.’s official travel agency for the tournament is Short’s Travel Management, which can be reached at 866/655-9215 and follow the instructions for the NIT option. Institutions can also enter travel manifest and other travel party information through the travel portal at www.shortstravel.com/ncaachamps. The same username and password used for NCAA championship travel will be needed to arrange NIT tournament travel.

The NIT, L.L.C. has adopted the following policies with respect to the travel and living expenses incurred by the competing institution for a maximum party of 25 persons:

1. **Air Transportation:** Participating institutions shall be required to make all air travel arrangements with the official travel agency for the approved travel party. The NIT, L.L.C. will pay the agency directly for such costs. Institutions who fail to use the official agency will not receive reimbursement for their travel. When reasonable commercial space for air travel is not available, chartered flights may be offered to the traveling
institution. In this case, the cost of the chartered flight will be fully paid for by the NIT, L.L.C., for the official traveling party. If reasonable commercial space is available but the institution chooses to travel by charter, the NIT, L.L.C., will only cover the cost of the commercial flight. The institution will be responsible for any additional cost for their chartered flight and will be billed by the official travel agency. In addition, the institution may choose to take additional travelers over the allowable travel party size of 25. The cost for additional travelers must be paid by the institution. All charter arrangements must be made through the official travel agency. The NIT, L.L.C. travel department is responsible for making the determination of what should be considered reasonable options for the official traveling party.

The NIT, L.L.C., will reimburse fees for checked baggage charged by commercial airlines. While we encourage you to take as few bags as necessary, a maximum of two bags per person will be reimbursed. Fees for oversized or overweight bags will not be reimbursed.

The NIT, L.L.C., will not reimburse fees charged by the airlines to pre-assign seats, choose premium seats, or receive priority check-in.

2. **Hub Rule:** If an institution is eligible to use air transportation to the site of the Tournament game, and there is a major airport located within 150 miles of the site of such game, then the participating institution is required to fly into/out of that airport and utilize ground transport to and from the site of competition. This also applies if the originating airport is located within 150 miles of the participating institution’s campus. This policy only applies when airfare is less expensive from the more distant airport. The NIT, L.L.C. travel staff may increase this mileage limit if circumstances warrant.

3. **Ground Transportation:** Teams located within 350 ground miles of the competition site are required to travel via ground transportation. Mileage reimbursement is calculated using the mileage calculator available through the online reimbursement system. Local transportation must be paid by the institution. Transportation between the team’s hotel and the competition or practice site is considered local transportation.

**CHARTER BUS TRANSPORTATION PILOT PROGRAM**

The NIT will be a part of the NCAA pilot program to evaluate the feasibility of consolidating charter bus transportation in much the same way we do air transportation. All travel policies related to reimbursement of ground transportation will apply. However, **teams will be required to use the NIT provider, GO Ground Options, who will arrange services with the bus operator and provide assistance to institutions.** The NIT will pay for the services directly. Institutions will not have to seek reimbursement for the ground transportation costs that are reimbursable under the NIT travel policy. For the charter bus costs that are not covered by the NIT travel policy, an institution will have the option, at its own expense, to use the charter bus services contracted by GO Ground. Institutions will be required to pay for those services at the time the reservations are made with GO Ground.
The NIT will pay the actual costs for one (1) bus per team. The number of buses paid for is determined by the travel party size for each sport. Per the transportation policies, the NIT will reimburse the following:

Teams that are required to **drive to the site of competition:**
The NIT will pay the actual costs of the bus for the round trip from campus to the site of competition, including all days at the site.

Teams that **fly to the site of competition:**
If campus is 25 miles or more from the departure airport, the NIT will pay the cost of the airport transfers, both on departure and on return.

If the arrival airport is 25 miles or more from the site of competition, the NIT will pay the cost of the bus for the day the team arrives and the day the team departs. Any days in between are considered local transportation and are at the expense of the institution.

If either of the legs described above are less than 25 miles, no costs will be paid by the NIT since local transportation is at the cost of the institution.

Institutions can contact GO Ground at **866/386-4951.** Their online ground transportation portal can be accessed at www.gochampionships.com. The username and password is the same as that used for the Short’s Travel portal.

**4. Per Diem:** Living expenses shall be limited to a maximum allowance of $120 per person per diem for the traveling participants of first, second and quarterfinal round contests. In this regard per diems shall be calculated as follows:

a. One for the day prior to the competition, if travel occurred on or before that day.
b. One for each day a team competes.
c. One for each day intervening between a team’s contests.
d. One-half for the day of departure from the site if the team did not compete on that day.

Per diem will be provided for the official traveling party of 25 persons. **No per diem will be paid to host institutions.**

**5. Expense Reimbursement:** Team expense reports will now be filed online through the Travel Expense System (TES). The login information for the system is the same as that used for the Short’s travel portal. The system can be accessed at:

https://web1.ncaa.org/TES/exec/login?js=true

All traveling institutions must complete the online reimbursement process in order to receive the appropriate reimbursement.

**6. Travel Exceptions:** Be advised that if extraordinary circumstances may warrant an exception to the tournament’s guidelines, you must contact the NIT, L.L.C. travel
department for approval PRIOR TO making any travel arrangements. The travel group can be reached at 317/917-6757, or by e-mail at travel@ncaa.org.

**LODGING**

Hotel reservations for the official traveling party of each institution for the first, second and quarterfinal round games of the tournament are the direct responsibility of the respective institutions. The participating institution shall be responsible for payment of all hotel costs at the time of departure from the hotel. Except as otherwise expressly set forth herein, Institutions are responsible for expenses throughout the tournament, including ground transportation, lodging, meals, etc.

**HOST INSTITUTION OBLIGATIONS**

1. Any institution wishing to have its facility considered as a host facility for any of the tournament games must complete the online questionnaire and budget found at [http://web1.ncaa.org/champs_bid/](http://web1.ncaa.org/champs_bid/) and must otherwise be in compliance with all NCAA and/or NIT hosting policies and qualifications. In the event the NIT, L.L.C. should select the home playing facility of the institution as host for any of the tournament games, the institution agrees to act as the host institution for such contest. In this regard, and except as otherwise expressly set forth herein, it is understood that the NIT, L.L.C. shall have no control over the facility or any of the personnel used by the institution in the performance of its duties in the presentation of the game. Therefore, the host institution shall be responsible for all details and expenses normally undertaken by a host institution for NCAA Division I Men’s collegiate basketball contests, including, but not limited to the following, unless specifically modified by the executed agreement between the host institution and the NIT, L.L.C.:

   a. Provide and maintain appropriate liability insurance coverage for all risks normally incident to the staging of a collegiate basketball game including, but not limited to appropriate disaster coverage and to further provide an endorsement on such policy of the institution naming the NIT, L.L.C. and the NCAA as an additional insured parties. Further in this regard, the institution agrees to assume all liability for the acts of all servants, employees, agents and others acting under its direction and control in the performance of any of the above responsibilities and to hold and save the NIT, L.L.C. and the NCAA harmless from any and all liability for the conduct of such persons when and if same is not covered by liability insurance.

   b. Provide proper playing conditions for an NCAA Division I Men’s Collegiate Basketball game (including but not limited to the playing surface, lighting, heating, scoreboard, game clock, shot clock, three-point line, official scorekeeper, public-address system, announcer and adequate locker room facilities for both the competing teams and game officials).

Right to Modify
The NIT, L.L.C. retains the right to modify, add, or eliminate any and all provisions of this manual at any time, with or without notice, in its sole discretion.
There are three phases in the process:

I. Select 32 teams.
II. Seed the teams.
III. Place the teams into the bracket.

General Principles for Selection, Seeding and Bracketing

The NIT selection committee will abide by the following general principles:

• At no point in the process shall a member vote for a team the individual has represented as a coach, athletics director or commissioner.

• All votes will be by secret ballot.

• Among the resources available to the committee are complete box scores, game summaries and notes, pertinent information submitted on a team’s behalf by its conference, various computer rankings, head-to-head results, chronological results, Division I results, non-conference results, home, away and neutral results, rankings, polls and the NABC regional advisory committee rankings.

• The regular-season champion of any NCAA Division I conference (as determined by the conference’s tie-break protocol) not otherwise selected to the NCAA Division I Men’s Basketball Championship will secure an automatic qualification to the National Invitation Tournament.

• The committee shall select the best available teams to fill the NIT field.

• Reclassifying Institutions are not eligible to participate in the NIT.

• There is no limit on the number of teams the committee may select from one conference.

I. Principles for Selecting Teams

Procedures for Selecting At-Large Teams

1. Prior to selection weekend, each committee member will receive a ballot listing all eligible Division I teams in alphabetical order. On the ballot, each committee member
shall identify not more than 32 teams that should be invited to the tournament based upon their successful play to date. Each committee member will submit the ballot at a predetermined time after arrival for selection weekend.

2. A member should not vote for a team that has earned automatic qualification to the NCAA tournament, or is a conference’s regular season champion.

3. Any team receiving all but one of the eligible votes on the ballot shall be moved into the tournament as an at-large selection.

4. The committee will form a "nomination board" consisting of an alphabetical listing of all teams that:
   a. Received more than one vote in the initial ballot but did not receive enough votes on the ballot to the selection board, or
   b. Did not receive more than one vote in the initial balloting, but subsequently was recommended by more than one member prior to closing initial nominations.

5. The process for creating the initial "nomination board" will be closed. However, once closed, a team may be added to the nomination board only if it receives more than two eligible votes. A team may be removed from the nomination board if it receives all but two of the eligible votes. Verbal nominations are permitted.

**Remaining Ballots**

1. The committee will begin evaluating those teams on the nomination board.

2. Each committee member will submit a listing of the best eight teams from the nomination board to be added to the field.

3. Those teams receiving the most votes will comprise a pool of eight teams for the next ballot.

4. Committee members rank the eight teams on the ballot using a cross-country scoring system (i.e., the best team is valued at one point).

5. The four teams receiving the fewest points shall be added to the at-large field. The remaining four teams will be held for the next cross-country ballot.

6. Steps No. 2, 3, 4 and 5 will be repeated until all probable berths are filled.

7. If a team fails to be included among the four teams receiving the fewest points (Step No.5) for two consecutive ballots, it shall be returned to the nomination board.

8. A team may be removed from the at-large field by a vote of all but two of the eligible voters. Such a team would be returned to the nomination board.
9. At any time during the process of selecting the teams, the committee may elect to begin seeding the teams.

10. At any time during the process, the chair may suggest that the committee begin considering teams that should be eliminated from the nomination board. The same voting procedures will be used.

11. At any time during the process, the chair may call for a cross-country vote of the teams remaining.

12. The chair has the option to revise from four to two the number of teams to be moved into berths per Procedure No. 5.

II. Principles for Seeding of Teams

1. The committee will create a “seed list” (i.e. rank of the teams 1 through approximately 56, to be determined by the chair.) The “seed list” is used as a reference to promote balance.

2. Once the “seed list” is established, it remains unchanged throughout the committee’s deliberations in placing the teams into the championship bracket.

3. The bracket-placement principles adopted by the committee may preclude a team from being placed in its “true” seed (in accordance with the “seed list”).

Procedures for Seeding the Teams

1. Each committee member lists the best eight teams from the at-large and automatic qualifier teams (i.e. the NIT field), not ranked in order, from teams that are in the tournament.

2. Committee members rank the top eight vote-getters from Step No. 1, using a cross-country scoring system.

3. The four institutions receiving the fewest points from the cross-country scoring are moved into the seed list in order.

4. The remaining four teams are held for the next cross-country ballot.

5. Each committee member lists the eight best teams remaining from the at-large and automatic qualifier teams (i.e. the NIT field). The top four vote-getters will join the four remaining teams on the next cross-country ballot.

6. Committee members rank the eight teams from Steps No. 4 and No. 5, using a cross-country scoring system.

7. The four teams receiving the fewest points are moved into the seed list in order.
8. Steps No. 4, 5, 6 and 7 are repeated until all the teams are seeded, 1 through 56 (or number designated by the chair), for the seed list.

9. After a team has been voted into the seed list, it may be moved to a different position on the seed list by a vote of all but two of the eligible voters.

10. The committee is not obligated to seed the lines in chronological order.

11. After determination of seeded teams taken in the NCAA Division I Men’s Basketball Championship, the seed list will be revised (compressed) and the teams 1-32 will comprise the NIT field.

### III. Principles for Placing Teams into Championship Bracket

1. The priority for the committee will be to achieve the best-possible competitive balance in each region, while placing teams as close to their areas of natural interest as possible.

2. Eight levels are established (i.e., the seeds, 1 through 8) in the bracket that transcend each of the four regions, permitting evaluation of four teams simultaneously on the same level.

3. Each of the first two teams selected from a conference shall be placed in different regions.

4. An institution may be moved one bracket line from its true seed line (e.g., from a No. 6 seed to a No. 7 seed) when it is placed in the bracket if necessary to meet the principles.

5. Conference teams shall not meet each other prior to the regional final unless a ninth team is selected from a conference.

#### Additional Considerations

1. A team moved out of its natural area will be placed in the next closest region when possible.

2. If possible, rematches of regular-season games should be avoided in the first round.
Procedures for Placing the Teams into the Bracket

1. Place the No. 1 seeds on the board to establish the four regions.
2. Place the No. 8 seeds in each region closest to the No. 1 seeds.
3. Place the No. 2 seeds in each region closest to the No. 1 seeds.
4. Place the No. 7 seeds in each region closest to the No. 2 seeds.
5. Place the No. 3 seeds in each region closest to the No. 2 seeds.
6. Place the No. 6 seeds in each region closest to the No. 3 seeds.
7. Place the No. 4 seeds in each region closest to the No. 3 seeds.
8. Place the No. 5 seeds in each region closest to the No. 4 seeds.
9. Higher-seeded teams will have the first option to host games as they advance, unless extenuating logistical circumstances (i.e., travel, lodging and/or facility availability or NCAA Championship guidelines) preclude such an opportunity.
10. Review the groups of fours to ensure adherence to the principles for seeding.

6. For starting lineups, the announcer shall follow the provided script. (See attached Team Introduction Script – Appendix D)

   The visiting team shall be introduced first, concluded with the visiting team’s head coach. After the visiting team’s head coach is announced it will be followed by the announcing of the home team. 7. The game officials are not be introduced at any time.

8. The announcer shall not recognize any commercial entity nor provide any information relative to professional sports or upcoming events in the facility, besides upcoming institutional and/or athletic events.

10. If because of technical difficulties, the official game time is kept at the official scorer’s table, the announcer should provide the time remaining at two-minute intervals prior to the last two minutes of each half. The time then should be announced in 30-second intervals and in every dead ball situation.

11. The announcer shall introduce the national anthem as follows:

   “Ladies and Gentlemen, welcome to tonight’s/today’s NIT ________________ (first/second/quarterfinal-round) game. To honor America and those who support our freedom at home and abroad, please rise and join (the __________________________ band) as they play our national anthem.”

12. All emergency calls and announcements must be approved by the NIT site representative.

13. The announcer shall meet with the NIT site representative prior to the game to review time schedules, PA scripts, coordination of the national anthem, starting lineups, the actual tip-off for the game and the start of the second half, etc.

14. The announcer also shall review crowd control procedures with the NIT site representative and the event manager. These may include notes regarding exits, seating, safety measures, first aid stations, and protection of the playing floor after the game.

15. In the event debris is thrown on the floor or other incidents interfere with the conduct of the game, the announcer shall make the following statement:

   “Ladies and gentlemen, you must refrain from throwing objects onto the court. It is dangerous and unfair to the participants and could result in a technical foul. Facility security personnel have been instructed to remove any person from the facility who throws any object onto the court.”

16. The game officials may remove the teams from the playing floor because of emergency situations. In such an event, the announcer shall remain at the official scorer’s table, if possible, or shall move to an alternate public-address location in another area if necessary to maintain communications with the public. The announcer shall make the following announcement:

   “The game officials and the personnel of both teams have been directed to remain off the playing floor until playing conditions are proper for continuance of the game.” Let’s afford the participants the sportsmanship they deserve.”
In the event the game is interrupted by the intentional action of an outside group, the announcer shall make the following announcement:

“This statement is directed to those of you who are on the court and disrupting this event. You are directed to leave the court immediately. If you continue to disrupt this event or threaten the health and safety of others, you will be subject to ejection from the facility as well as additional disciplinary actions. Please be aware that your activity is being videotaped. Please stop this disruption and leave the court immediately.”

In the event a postponement is necessary:

“This game has been postponed. We regret and apologize for the inconvenience. Thank you for coming and please exit the building now. An announcement regarding rescheduling or ticket refunds will be made as soon as possible.”

17. The following message should be read if the officials use the monitor to review half-ending situations: "Ladies and gentlemen, in an effort to determine the status of the last-second shot, the officials must exercise NCAA playing rules, which require a review on the courtside monitor. We appreciate your patience. Thank you."

18. The announcer shall announce, “Ticket scalping is prohibited inside the facility.”
