Wolf Run Golf Club was conceived in the early 1980's by the late Dr. Jack Leer, a local dentist and successful amateur golfer whose dream was to build a demanding, world-class golf club for serious golfers.

The golf course is as diverse as its scenery, yet tests every facet of the player's ability. With narrow fairways and firm, fast greens surrounded by dramatic and strategic bunkering, players quickly realize that all the shots are required to play Wolf Run. As a result, Wolf Run is a thinking man's course, where a player at the top of his game would be offered strategic and at times heroic options on every hole.

Wolf Run is one of the Midwest's best kept secrets. There are few places that offer beauty and uniqueness while testing the player to his highest capabilities. There is no doubt that Wolf Run is a special place. "Wolf Run is not for every golfer, it's only for those who respect the game's traditions and who appreciate what refined shot-making entails," Bradley Klein, Golfweek Magazine.

Representatives of the Division I Men's Golf Committee present at the various championships along with specified rules officials will make all decisions pertaining to the conduct of the championship, such as pairings and golf course set up.

The sport committees have made arrangements for Golf Stat to provide the computerized scoring system for the tournament.

---

**PAIRINGS AND STARTING TIMES**

---

Both first and tenth tees will be used for the entire competition. The committee reserves the right to use only the first tee, or mini-groups if necessary. Tee-times will not be altered to accommodate travel schedules.

After all teams and individuals have been selected, the NCAA Division I Men's Golf Committee will assign pairings and tee-times for the first round based on seed within each region. For the second and third round, teams and individuals will be paired according to score. Pairings and tee-times will be announced after selection. See Appendix A for a list of practice and competition tee times.

**PRACTICE ROUND**

---

One 18 hole practice round will be scheduled before the regional tournaments and championships finals. Starting 10 days before the first practice round, participants and coaches will not be permitted to set foot on the golf course or use practice facilities. No exceptions will be made; however, the host institution's team shall be exempt from this policy.

In an effort to maintain the conditions of the course and speed of play, each player may play only one ball during any practice round, except each player may chip or putt more than one ball on or near the green only.

Teams are limited to five players during practice rounds. Groups of six are not allowed, and coaches are not allowed to play during any practice round.

Head coaches or designated official institutional representatives will be required to be with their teams during the entire practice rounds. Coaches will be provided time schedules and be responsible for monitoring pace of play, misconduct and the enforcement of the one practice-ball rule. If a team falls out of position during the practice round the first offense is a warning. Should a team remain out of position a second time the team will be moved to the proper position on the golf course. Further offenses may result in the team being removed from the golf course for the remainder of the practice round.

Practice-round pairing and tee times at the regional will be determined by seed, and assigned by the golf committee as set forth in Appendixes C and D in the championships handbook.

In addition to the practice policies above, the following will be enforced for the regional and championships:

1. *Only credentialed, designated individuals may be allowed in the practice areas.*
2. *Teams may not start a practice round other than during its designated time or position.*
3. *Players may not go back on the course to practice after concluding each round.*
4. *Players and coaches are permitted on the course, starting with the beginning of the first practice day and throughout the championships, as a spectator.*

**SPECTATORS**

---

Spectators must remain on cart paths or in the rough and approximately 15 yards from the players at all times. This rule includes all designated practice areas. There may be NO communication between players and spectators that could be deemed as advice of any nature for the duration of the round. All institutional personnel, with exception to designated coaches, are considered spectators. Ringers or notifications on electronic devices must be turned off. Cameras and video recording devices are not allowed on the course during competition.

Since all NCAA championships are smoke-free, spectators will be asked to refrain from smoking unless in designated areas. Failure to adhere to this rule will be grounds for removal from the course.

Carts will not be available to spectators. Disabled spectators may appeal to this rule through the NCAA. Final decision will be at NCAA's discretion. Viewing areas for disabled spectators will be made available by Wolf Run Golf Course. Host volunteers will be able to help transport spectators to these areas.

The Men's Golf Committee recognizes the unique circumstance surrounding a disabled parent's opportunity to see his/her student-athlete compete. Golf carts may be available to parents under the following protocols:

- Parent of player only
